

Attendance / Participation

COMMUNICATION

What if I miss class?

- Email me in advance
- Ask me for any class handouts
- Check Brightspace for assignments and due dates

ATTENDANCE AND LATENESS AFFECT GRADES.

Missing class is inadvisable.

Excessive absences will significantly bring down your grade.

Extenuating circumstances? Just let me know!

PARTICIPATION

Participation also significantly affects your grade! Raising your hand (even if you don't get called on) will grant you participation points!

Feeling introverted? Try volunteering to read out loud or come to office hours. Please talk to me in person if you think participation will be an issue for you.

OFFICE VISITS

I encourage you to meet with me outside of class hour. To join office hours for a one-on-one conference with me, simply drop in or email me in advance to reserve a slot for yourself (that no one else can take!) Find me in the main building:

N782A on M/W 9am-9:45 and M 2-2:30

ONLINE PARTICIPATION

Putting in an effort for online assignments (such as blog posts, social annotations, and discussion boards) can also help to boost your participation grades. Showing active engagement online is a great way to supplement in-person discussions!
